FRENCH GAIN IN ATTACK ON LONG CAMPAGNE LINE

Drive Back Germans to Depth of From
500 to 1,000 Yards—Fighting
Is Still Going On.

AMERICAN STEAMER VACUUM SUNK

And Many Men Lost—Lieutenant, Gunners
And Part of Crew Missing—Was
Homeward Bound.

The expected battle in the Champagne region of France, following days of acute gun preparation by the French forces, which was answered almost shot for shot by the Germans, at last has broken. Seemingly synchronizing it with the somewhat lessened activity on the part of the British against the Germans on the Arras front, the French Monday eastward from Rheims launched an attack over a front of about four miles from the south of Beine to the east of Mont Carmillet and captured several fortified German trenches.

Delivered at midday the offensive was swift and sharp, and at its conclusion the French line had been driven forward into territory previously occupied by the enemy to depths ranging relatively from 500 to 1,000 yards. Simultaneously to the eastward a thrust by the French northeast of Monthaut netted them a gain of about two-thirds of a mile and placed them virtually astride of Moronvilliers-Naurov road.

Tanker Vacuum Sunk.

London, April 30.—The American oil tank steamer Vacuum has been sunk. The captain and part of the crew and the naval lieutenant and nine American naval gunners are missing.

The Vacuum Oil Company today received this message from its agents abroad:

"Vacuum torpedoed 28th, 140 miles west of Barra. No. 1 lifeboat with captain and others missing."

The Vacuum was sunk by a German submarine on Saturday while she was on the way to the United States.

The chief mate and seventeen men, including three of the American naval gunners have been landed.

A boat containing the master of the ship and the remainder of the crew, together with the Lieutenant and nine naval gunners is missing.

The details of the sinking of the Vacuum are not yet available here, nor have the names of the survivors or the missing been received by the officials.

KENTUCKIAN ON MONGOLIA IS AN EXPERT SHOT

Cadiz, Ky., April 27.—Inhabitants of Cadiz were not surprised at reading that the gunners' crew on the Mongolia had made a clean hit of a German submarine when they learned that M. W. Freeman, of this city, was a member of the crew. Freeman enlisted in the navy at Evansville in October, 1913, and has won several medals for expert gunnery. It is thought not improbable here that he fired the shot which sank the submarine. His last visit to Cadiz was two years ago, at which time he was wearing a medal for expert marksmanship, and since then he has won others. He is a son of the late John Freeman.

LOUISVILLE MAN HONORED AT RAILWAY MAIL MEETING

Cincinnati, Ohio.—The annual election of the Fifth division of the Railway Mail Association was held at Hotel Gibson here, with the following results: H. J. Bennett, Cincinnati, president; F. W. Hudson, Cincinnati, vice president; W. H. Gauker, Indianapolis, secretary.

J. M. Coombs, of Louisville, was elected a member of the Executive Committee, and W. W. McDaniel, of Horse Cave, Ky., was named a dele-

gate to the national convention at Cleveland, O.

J. M. Coombs was a resident of Ohio county at one time—living at Fordville, running from that place to Irvington, over the branch. He is also a brother-in-law of G. B. Likens, of Hartford.

WARNING ISSUED TO GERMANS BY MEXICANS

Washington, D. C.—Official advice to the State Department said the Mexican Government had warned Germans in Mexico that any concentration of Germans near the American border will be followed immediately by their arrest.

In conveying this notice the Mexican authorities explained that they could do no less in view of the fact that a state of war exists between Germany and the United States.

Officials of the American government were gratified by this first practical manifestation of Mexico's proclaimed neutrality.

FLENER—BELL WEDDING.

(Beaver Dam Special.)

Last Wednesday at 10:30 o'clock Mr. Bowen Bell, of Glendale, Ky., and Miss Myra Flenner were united in marriage at the home of the bride, Mr. Wm. Flenner's. Mr. M. F. Chumley, of Simmons, Ky., and Miss Era Gardner, of Dawson Springs, Ky., were the attendants and Rev. Edgar Allen, the bride's pastor, performed the ceremony. They left immediately for the home of the groom. The young people of town were loath to part with Miss Myra as she was a great favorite with the old and young people of the town. She was a member of the Baptist church and always present in the Sunday School of her church. Mr. Bell comes of one of the good families of Hardin county and is postmaster of his home town, Glendale.

FLENER—BELL.

Last Wednesday morning at the home of the bride's parents, Mr. and Mrs. Wm. Flenner, of Beaver Dam, Miss Myra Flenner, one of Ohio county's talented and attractive young ladies, was married to Mr. Bowen Bell, of Glendale. Rev. D. Edgar Allen, pastor of the Beaver Dam Baptist church, performed the ceremony. Mr. and Mrs. Bell left immediately after the ceremony for Glendale where they will make their home. They have the best wishes of a host of friends and The Herald for a long and happy married life.

WILSON UPHOLDS THE FREEDOM OF PRESS

Would Not Deny Right to Criticize
Public Officials, He
Declares.

Washington, April 27.—President Wilson, in a letter to Arthur Brisbane, of New York, declared yesterday he is opposed to any system of censorship that would deny to the people of the United States "their indisputable right to criticize their own public officials." He wrote that whatever action Congress may decide upon he will not expect or permit any law to shield him against criticism. Replying to a letter from Mr. Brisbane on the espionage bill now

pending in Congress the President wrote:

"I sincerely appreciate the frankness of your interesting letter of April 20 with reference to the so-called espionage bill now awaiting action of the Congress.

"I approve of this legislation, but I need not assure you and those interested in it that whatever action the Congress may decide upon, so far as I am personally concerned, I shall not expect or permit any part of this law to apply to me or any of my official acts or in any way to be used as a shield against criticism.

"I can imagine no greater disservice to the country than to establish a system of censorship that would deny to the people of a free republic like our own their own indisputable right to criticize their own public officials. While exercising the great powers of the office I hold, I would regret in a crisis like the one through which we are now passing to lose the benefit of patriotic and intelligent criticism.

"In these trying times one can feel certain only of his motives, which he must try to purge of selfishness of every kind and await with patience for the judgment of a calmer day to vindicate the wisdom of the course he has tried conscientiously to follow."

PLAN TO DESTROY RAIL- ROAD BRIDGE BLOCKED

Boys Discover Wires Attached
To Dynamite Fuses—Two
Strangers Suspected.

Princeton, Ky., April 28.—An alleged attempt to dynamite the Illinois Central bridge across Trade-water river, at Blackford, north of here, was frustrated by two boys who were fishing in the river, according to a report which has reached here.

While fishing, the boys discovered a wire sticking above the surface of the water, and upon pulling the wire out of the water it was found that a dynamite cap was attached to the submerged end. Several other wires, all of which had dynamite caps attached to the end submerged in the water, were removed from the river. Much excitement was occasioned by the finding of the wires and dynamite caps, and an investigation is being made. It is said that two strangers, one of them evidently being a German, were seen in the town of Blackford on the day previous to the finding of the wires.

A. G. ANDERSON DIES

AT SAN FRANCISCO

News has been received in Hartford to the effect that Mr. A. G. Anderson had died in San Francisco, Cal., on April 13th.

Mr. Anderson's wife was Miss Mayme Mitchell, who for years lived in Ohio county near Beaver Dam.

VOLUNTEER PRO- POSAL KILLED

House Stand 397 for Con-
scription and Senate
81 To 8.

LATTER CHANGE AGE LIMIT

Accepts Amendment Permitting
Roosevelt to Raise Force
To Go Abroad.

Washington, April 28.—By overwhelming majorities both the Senate and House passed late tonight the Administration bill to raise a war army by selective draft.

The final roll-calls brought into line behind the bill many Senators and Representatives who had fought for the volunteer system until routed by decisive defeat of volunteer amendments earlier in the day in both houses. The Senate, which had voted down the volunteer plan 69 to 18, passed the bill by a vote of 81 to 8. In the House the vote against the volunteer plan was 313 to 109 and that by which the bill itself was passed was 397 to 24.

As passed by the Senate the measure provides for the draft of men between the ages of 21 and 27 years, while in the House measure the age limits are fixed at 21 and 40. This and lesser discrepancies will be threshed out in conference early next week so that the bill may be in the hands of the President as quickly as possible. The War Department already has completed plans for carrying it into effect.

Among the amendments adopted in the Senate was one which would permit Col. Roosevelt to recruit a volunteer force for service in France. A similar proposal had been rejected by the House.

Speaker Clark, Democratic Leader Kitchin and Chairman Dent, of the Military Committee, who had favored the volunteer system, all voted for the Draft Bill on the final roll-call. Republican Leader Mann also was recorded in the affirmative, as was Miss Rankin, who previously had voted with the volunteer advocates.

EGGS IN FREIGHT CARS

Nearly Eight Million Held On Sid-
ings At Chicago.

Chicago, April 27.—Investigation by the health department has revealed that 7,920,000 eggs are being held in freight cars here and consignees pay \$5 a day on each car while the eggs remain therein. Some of the cars had been standing on sidings for 10 days.

At the federal building a grand jury is investigating "war prices" for

eggs, when, it is alleged, the supply is greater than it has been in years. It is said evidence of a combination to monopolize the market had been found.

THREE DEAD AS RESULT OF QUARREL OVER WOMAN

Toledo, O., April 8.—Two men and a woman are dead and another man is dying in hospital as the result of a shooting which took place in the streets here late tonight, following a quarrel over a woman. The dead are: Thomas Kelly, 28 years old; Mrs. Susie Fletcher, 30; Jack Phelps, 26. The fatally wounded man is Norman Fletcher, husband of the slain woman.

Phelps, a private in the Sixth Ohio Regiment, first accused Kelly of alienating the affections of the woman, a former sweetheart. He shot Kelly dead in the street and attacked the other two. Phelps then turned the weapon on himself, dying almost instantly.

FIRE SEALS EXIT OF 120 ENTOMBED MEN

Hope Abandoned for Men Caught
In Colorado Mine By
Explosion.

Trinidad, Col., April 27.—Hope that any of the 120 men entombed in the Hastings mine, near here, today, may be rescued was abandoned by rescue crews tonight. The men were caught behind a wall of fire which followed an explosion in the main slope early this morning and cannot be reached.

The first bodies of victims have been found by the rescue squads, according to Charles Cairymple, chief inspector of the State Mining Bureau. He said the rescuers have penetrated 2,000 feet into the workings.

"One hundred and eighteen men are behind the fire and there is little chance of reaching them," Cairymple reported.

The only means of communication between Trinidad and Hastings is a single telephone wire which has been crowded with official messages relating to rescue work.

Rumors current that the explosion was the result of a plot were discounted by company officials, who pointed out that the mine was known as a "gas mine" and that a similar explosion had occurred in 1913. Company officials stated that the explosion was slight and that the greatest danger to the men was from fire and smoke.

Ninety of the men entombed are coal diggers, the others being company officials. Besides the rescue squads of the Victor-American Company in Hastings Canyon, rescuers were called from the camps of the Colorado Fuel & Iron Company's camp just across the hill from the Hastings mine.

The Hastings mine is twenty miles from Trinidad. The mine normally employs about 100 men to a shift and has a capacity of 1,000 tons a day.

FOUND DEAD

Johnathan Puckett, Dies Of
Apoplexy, Says Coroner
A. B. Riley.

Johnathan Puckett, a farmer of Pleasant Ridge, was found dead in his yard Friday about one o'clock by Bud Tharp, who happened to be passing. Mr. Puckett was lying in the yard between the coalhouse and his residence, and had a teakettle on his arm.

It is thought that he died about 8 o'clock that morning.

After questioning several witnesses and an examination of the body by Dr. A. B. Riley, Coroner, it was found that he came to his death from apoplexy.

He leaves one son, sole heir, his wife having died several years ago in a hospital for the insane.

REPORTS ARE SUBMITTED

Important Legislation To Be
Favored by Association
Is Submitted.

Louisville, April 28.—The annual convention of the Kentucky Educational Association, which began Wednesday evening in the auditorium of the Louisville Boys' High School, came to a close yesterday morning with the election of officers and adoption of reports of officers and committees.

J. A. Carnagey, superintendent of schools at Danville, was chosen president. Other officers were elected as follows: T. A. Hendricks, Paris, first vice president; O. V. Jones, Owenton, second vice president; Miss Katie B. Beauchamp, Taylorsville, third vice president; Miss Lida E. Gardner, Carlisle, treasurer; and J. W. Ireland and W. O. Hopper, Mt. Sterling, members of the Board of Directors. The last three were re-elected for their third consecutive terms. Secretary R. E. Williams, of Louisville, is serving the second year of a four-year term.

The new president was nominated by Dr. W. A. Ganfield, president of Centre College, Danville, and received 149 out of 260 votes.

HOLBROOK—MURPHREE

Last Thursday, April 26, at 12:45, at the home of the bride's parents, Mr. and Mrs. Rowan Holbrook, on Washington street, Miss Mariam Holbrook was married to Mr. Mallory Henderson Murphree, of Louisville. The ceremony was performed by Rev. B. W. Napier, of the Methodist church, in the presence of a few close friends and the two families, in the parlor in front of an arch beautifully decorated with pink tulle, smilax and Killarney roses, on each side of which were placed palms and ferns.

After a solo, Schubert's Serenade, the bridal party entered to the strains of Mendelssohn's Wedding March, which was beautifully rendered on the violin by Mr. Lawrence B. Feagin, of Alabama, accompanied by Miss Lucile Pirtle on the piano.

The flower girl, little Miss Hattie Rowan Williams, was the only attendant.

The bride was beautifully attired in a dress of white tulle combined with silver lace and pear trimmings, and the tulle veil was worn off the face and adjusted by a band of pearls. A shower bouquet of bride roses and lilies of the valley were carried by her.

Carrying a French basket of pink sweet peas, the flower girl was prettily attired in a white organdie dress with pink tulle sash.

The bride's traveling costume was a tailored suit of tan and green Scotch tweed.

Following the ceremony, a breakfast was served.

Killarney roses, combined with white spirea and lilacs, served to decorate the house most artistically.

Amid the customary shower of rice, etc., the bridal couple left for a tour in the East.

Those out-of-town attending the wedding were the parents of the groom, Mr. and Mrs. J. B. Murphree, of Louisville; Mr. John Murphree, of Louisville, and Mr. Edgar Murphree, of Lexington, brothers of the groom; Mrs. George W. Feagin and Mr. Lawrence B. Feagin, Athens, Ala.; Miss Jennie Taylor, Bowling Green, Ky.; Miss Mary Smith, Fordsville, Ky.; Mrs. J. M. Vaughan, Mrs. J. F. Vickers and Miss Marion Vickers, Owensboro, Ky.

FOOD CROPS MUST BE INCREASED

War Demands and World Food Shortage Should Be Met By American Farmers.

The Secretary of Agriculture, D. F. Houston, on Saturday, April 7, issued the following statement:

The importance to the Nation of a generously adequate food supply for the coming year can not be over-emphasized in view of the economic problems which may arise as a result of the entrance of the United States into the war. Every effort should be made to produce more crops than are needed for our own requirements. Many millions of people across the seas, as well as our own people, must rely in large part upon the products of our fields and ranges. This situation will continue to exist though hostilities should end unexpectedly soon, since European production can not be restored immediately to its normal basis. Recognition of the fact that the world at large, as well as our own consumers, must rely more strongly on American farmers this year than ever before should encourage them to arrive to the utmost to meet these urgent needs.

Wheat for Late Planting.

Wheat may be planted later than any similar crop, and often does well on old meadows or waste land that can be broken after the more exacting crops are planted. In some sections where experience has demonstrated that the cereals, except rye, can not be relied on, wheat is a crop of considerable importance. The acreage could well be increased, especially in portions of New York, Pennsylvania and New England, where the crop now is grown to a considerable extent.

Expand the Corn Acreage.

Corn is the leading food and feed crop of the United States in geographical range of production, acreage, and quantity or product. The vital importance of a large acreage of this crop properly cared for, therefore, is obvious. Because of the prices obtained for the last crop and the world demand for this grain, its profitability to the American farmer during the approaching season is clear. The 105,934,000 acres planted to corn in 1916 yielded 2,583,000,000 bushels or more than 400,000,000 bushels less than the large crop of 1915—2,994,793,900 bushels—and considerably less than the five-year average—2,732,457,000 bushels. Conditions now warrant the planting of the largest acreage of this crop which it is possible to handle effectively.

Although fall is the proper time for breaking sod for corn, there are many unproductive and foul meadows and indifferent pastures in Illinois, Indiana, Ohio, and the Middle Atlantic and Northeastern States that, under existing conditions can be broken now to advantage and planted to corn. The resulting reduction of hay and pasture would be more than replaced by the corn stover, ensilage, and grain produced. Corn as a cultivated crop has been found well suited to replace summer-fallowing in portions of Washington, Idaho, Oregon, Wyoming and Montana, the forage and grain produced not materially reducing the succeeding grain crop.

Cowpeas and Soy Beans Valuable For Food.

The usefulness of cowpeas and soy beans as human food has been recognized only recently in this country. Existing conditions warrant the planting of all the available seed of varieties known to do well in the several sections. The soy bean, in particular, has proved sufficiently resistant to cold in spring and to adverse weather during summer to warrant heavy planting, especially throughout the South. The value of the beans for oil production, as well as for human food, has become recognized so quickly and so generally during the past year that the crop has acquired a commercial standing far in excess of its previous status. While the commercial supply of seed late in March was estimated not to exceed 500,000 bushels, the quantity available on farms, where home-grown seed is held over in small lots for planting, undoubtedly will make possible a largely increased acreage.

Increase Farm Production of Vegetables, Poultry, and Dairy Products.

The high prices for foodstuffs that have prevailed during the last few months have stimulated interest in the increase of home supplies of vegetables, poultry, and dairy products on farms. This interest has been quickened most noticeably in the South, where for several years this department and the States through their extension workers have urged such an increase as necessary for

economic reasons even under normal conditions. Other parts of the country have responded to these appeals, but emphasis on this feature should be continued by all agencies in position to operate effectively.

Through increased attention to poultry on farms it is possible to add quickly and materially to the food supply. Because of the importance of an increased supply of eggs, under present exigencies, farmers should not market hens of the egg breeds, such as the Leghorns, which are less than 3 years old, or of the larger breeds which are less than 2 years old. By the immediate preservation of eggs for home consumption through the use of water glass or lime water, larger supplies of fresh eggs may be made available for marketing later in the season, when production is less and prices higher. Every person who raises chickens, from the novice to the poultry husbandman, should see that infertile eggs are produced and all surplus marketed promptly so as to eliminate waste through spoilage.

IN MEMORY OF MRS. J. W. FORD.

Mrs. Abbie Rowan Ford was born in Ohio county, Ky., Nov. 12, 1844, and departed this life in Hartford, Ky., April 17, 1917. Her mother died when she was nine days old, but she was lovingly and faithfully cared for in her infancy and early childhood by her aunt, Mrs. John Rowan. She professed religion and joined the Methodist church in early life and remained a faithful and acceptable member until called to the church triumphant.

She and J. W. Ford were married by Rev. R. D. Bennett Nov. 12, 1872. To this union was born one daughter, Mrs. R. E. Lee Simmerman.

She had a strong, well informed mind; was well endowed with common sense which gave a business-like and practical trend to her life. She was a very industrious woman. Hospitality as rendered by her and her husband was abundant, generous and free. Nature gave her a noble, generous, benevolent face, which was the index to a liberal soul. She was specially kind and helpful to the poor and needy. As a neighbor she was mutually kind and helpful in times of sickness and distress.

As a daughter she was devoted to her father. As a sister she was all that could be desired. As a wife she was faithful and true—a helpmate indeed. As a mother she was self-sacrificing, loving and kind.

In her earlier life she was active in church work; collecting money for the ministry and other causes. As to her religious experience, the fact that the 23d Psalm was her favorite Scripture, and "Jesus Lover of My Soul," and "Nearer My God to Thee," were favorite hymns, indicate to us where she stood in the blessed spiritual realm. Hence when the writer prayed with her she said, "I would be glad to go away from my sufferings. There is nothing in my way." To another she said, "I am ready to go but I hate to leave my husband." She suffered long and severely, but patiently.

We hope to see her again in the "Sweet Bye and Bye." May great grace and peace be with the bereaved husband and the entire family.

GOLDEN EGG HEN HATCHES SCRUPLES IN PARSON'S MIND

Becomes Ill After Selling Leghorn Which Supplied His Breakfast.

Monticello, N. Y.—The illness that kept the Rev. Walter W. Reid from his pulpit in St. John's church here was caused by the fact that he had sold, at 26 cents a pound live weight, the little white leghorn hen that had laid an egg for him every day for three years, excepting ten days in Lent last year.

"After I sold that hen I felt guilty of having committed a crime," said Mr. Reid, "and it made me so ill I could not attend to my church duties for the time being."

As the hen's vacation occurred in Lent last year, Mr. Reid was asked if the sale at this time was because Lent was about to begin.

"Not at all," he replied. "I accepted a call to Christ church, Tarrytown, a few days ago and learned I could not take my dear chickens with me, so I had to sell them. After the transaction had been made the thought came to me that daily for three years the faithful little hen had been an important contributor to the provender of my breakfast. She had done me no harm. Instead, she was a faithful worker, and perhaps had confidence in me that I would care for and provide her a good home."

"Apparently her confidence in me was misplaced. I have sold her, and I do not even know what kind of a new home she has. That was the way I rewarded her never tiring efforts for my comfort. Those thoughts made me ill."—[New York Herald.

Experience Is the Test of Tires

Every tire claims to be the lowest-cost-per-mile tire.

If you knew the experience of any considerable number of other tire users,

—that would help you decide which tire makes good on the claim.

We don't know about other makes of tires, but we do know

—that motorists who have used United States Tires continue to use them;

—that more and more motorists who used other makes of tires are turning to United States Tires.

These two facts are proved by the amazing sales increases of United States Tires

—sales increases that are vastly greater than even the greater natural increase in the number of automobiles this year over last

—which shows where tire service is.

TO AID PRODUCTION.

The following resolution was introduced and adopted at Thursday's session of the House by Senator Bradley, expressing the sense that it is the duty of every citizen of Kentucky to aid in increasing and conserving the food products and eliminating waste:

"Whereas, Almost the entire world is at war, and millions of men have laid down the implements of peace and equipped themselves with the implements of war, and it now seems that the civilized world is to be drawn into the horrible conflict, and

"Whereas, the desertion of the various walks of life by the many men engaged in warfare has brought about a great shortage of food stuffs, and

"Whereas, America has been called upon not only to sustain herself but to feed a large portion of the world, thereby causing a great drain upon the markets of this country and consequently causing an unprecedented increase in the price of every article grown. Therefore be it

Resolved, by the Senate of the Commonwealth of Kentucky, that it is the sense of this body that every citizen of this Commonwealth should, and it is his patriotic duty, to devote his attention to the production of foodstuffs, and to cultivate every available spot of land that is not now in cultivation for the purpose of enlarging the production of food stuffs, not only for the use of the citizens of Kentucky, but as a means of aiding America in waging and winning the present war. If America is to see Democracy triumphant and is to be of the greatest assistance in bringing victory to herself and her allies, it is absolutely necessary for every citizen of this coun-

try to add his mite in any possible manner to aid in waging the war. People in all walks of life realize that the most important matter to be considered at this time is the feeding of the warring nations and, be it further

Resolved, that every member of the Senate transmit a copy of this resolution to each and every newspaper published in his district with the request that the said newspaper publish this resolution calling upon Kentucky's citizens to cultivate every available spot of ground for the purpose of enlarging the production of food stuffs. Be it further

Resolved, that the Clerks of the Senate are hereby instructed to have three hundred copies of this resolution printed and deliver a copy to each Representative attending this Legislative session. Be it further

Resolved, that the Commissioner of Agriculture be given a copy of this resolution and that he use every means available to transmit the message herein contained to the farmers of the Commonwealth and that he urge every citizen of the Commonwealth to produce the greatest amount of food stuffs this year to conserve their resources and refrain from waste and that he lend every assistance to each and every individual of the Commonwealth in raising Kentucky's quota of food products.

When alfalfa is once started under favorable soil conditions, weeds, including perennial grasses, will likely prove its most dangerous enemy. This is one reason why sod land is not recommended for this crop. On account of the danger from weeds it is usually best to precede the alfalfa for one or two years with a clean-cultivated crop.

FISCAL COURTS CHECKED

Debts Must Not Exceed Income, Says Court Of Appeals.

Frankfort, Ky.—In the future counties must live within their incomes. The Court of Appeals in the case of Nelson county against Less McCrocklin overruled the previous decisions, under which counties had disregarded fixed expenses, like salaries, in estimating the amount of indebtedness they could incur, and held that in the future counties are bound under Section 157, of the constitution, forbidding the indebtedness contracted in a year to exceed the income; to deduct from the estimated revenues these fixed expenses to find how much indebtedness may be incurred, and if, through unforeseen eventualities, the income in any year does not cover the expenses, that debt must be counted in the standing expenses for the following year until it is paid.

Digest Of Kentucky's New Revenue Laws.

H. B. No. 1.—A. J. Oliver. Creating a permanent State Tax Commission composed of the Auditor and two members one from each of the dominant political parties, to be appointed by the Governor, subject to confirmation by the Senate. The appointive commissioners will receive salaries of \$3,600 a year. The Commission takes over all the assessing and equalizing powers now vested in other State bodies and departments. It is given inquisitorial powers to examine the books and records of taxpayers, and to compel the attendance of witnesses. The commission can re-assess any county if the supervisors fail to comply with its requirements relative to raises in valuation.

H. B. No. 2.—T. H. Gardner. Reduces State property tax rate from fifty-five to forty cents on the \$100 valuation. Exempts intangible personal property, farm implements and the machinery and raw materials actually being used by manufacturers from local taxation. Provides for a mortgage recording tax of twenty cents on the \$100 on all mortgages which run for a longer period than five years. Voluntary listing of intangible property for State taxation relieves owners thereof from liability in actions for the collection of back taxes.

H. B. No. 3.—George L. Pickett. Providing for a State tax of ten cents on the \$100 on bank deposits, in lieu of all other taxes on such deposits. Provides that banks must pay this tax, but that they "may" deduct the amount pro rata from their depositors.

H. B. No. 7.—Thomas Spurrier. Providing for a tax of two cents the wine gallon on all distilled spirits which are subject to the Government tax. Tax applies to liquors now in bonded warehouses as well as to such as may be made in future. Revenue yielded to be apportioned as follows: Fifty per cent to the general expense fund, thirty per cent to the school fund and twenty per cent to the State-aid road fund.

H. B. No. 9.—Thomas Spurrier. Placing a tax of ten cents the barrel on beer and other malt liquors. Revenue to be distributed: Thirty per cent to the sinking fund, thirty-nine per cent to the road fund, thirty per cent to the school fund and one per cent to the University of Kentucky.

H. B. No. 10.—Richard Radcliffe. Permitting counties, by a vote of their electorate at a special election,

to levy a special additional road tax of twenty cents on the \$100, signed by Gov. Stanley.

H. B. No. 15.—C. W. Mathers. Providing that the State tax rate on livestock shall not exceed ten cents on the \$100.

H. B. No. 49.—E. B. McGlone. Providing for a State franchise tax of one per cent of the market value of all crude oil produced in Kentucky. Exempting well producing such oil from other taxes.

A LETTER

From the Judges Of the Court Of Appeals Of Kentucky.

To the People of Kentucky:—

We believe that the study of God's Word is necessary to develop strong Christian character, that every person ought to have the blessings that result from such study, and that the Sunday School is an efficient agency for the promotion of systematic Bible study.

We note with interest the fact that the Kentucky Sunday School Association has designated Sunday, May 6th, as the fourth "Go-To-Sunday-School Day" when it is expected that again one million people will attend the Sunday Schools of the State. We congratulate this Association upon the great work it has done in making greater and better Sunday School for a greater and a better Kentucky.

Believing implicitly in the great work that is being done in our Sunday Schools, and desirous of encouraging the efforts of those who are contributing their time, energy and money to this great cause, we unite in the invitation to all Kentuckians, as well as the visitors within our borders, to attend the Sunday School of their choice on May 6, 1917.

We hope that every Sunday School will so carefully observe this day that there may be the largest attendance ever known in the State, and that all visitors will receive such a cordial welcome they will become regular members of the Sunday School. Let us make this the beginning of a new era in the Sunday School work of Kentucky.

IN MEMORY OF FORCIE BOYD.

Dear readers, in searching the column of my dear old home paper what could be more sadder than the death of our dear beloved cousin, Forcie Boyd. But feel it our duty to write a few lines.

Dear Uncle Bill and Aunt Ollie it is hard we know to give dear Forcie up. But what a sweet consolation to know we shall meet him. In the family circle and among his many friends Forcie was always a favorite because of his cheerful and sunny disposition; always having a smile and a pleasant word for all whom he met. It seems sad indeed that the career of one who was blessed with so many talents and the promise of a bright future before them, should be closed thus early, but we can only write in faith knowing that some time we will all understand.

We will know why clouds instead of sun.

Were over many a cherished plan; Why song has ceased when scarce begun;

'Tis there some time we will all understand.

There is no death, an angel form walks on the earth with silent tread

And bears our best beloved away and then we call him dead.

He leaves our hearts desolate, he plucked our fairest, sweetest, flower;

Transplanted into bliss, they now adorn immortal bowers.

Keeping Yourself Well

DRIVING OUT CATARRH

If people knew how the presence of catarrh is a constant menace, they would have none of it. It infests some part of the delicately adjusted body and makes useless, thus throwing on the other organs more than their share of work. It affords a carefully prepared seed-bed for the germs of colds, grip, tuberculosis and pneumonia. It so disarranges Nature's delicate plans as to make possible asthma, hay fever and other respiratory disorders. It spreads until it becomes systemic, thus involving many organs and debilitating the entire system with serious results. Catarrh is easily neglected, and it rarely gets well of itself. It needs proper medicinal correction. For almost half a century many thousands have found help in Peruna. The aim is to clean out waste matter, to dispel the catarrhal inflammation, and tone up the whole system. Its users willingly testify that it has done all this and even more for catarrhal sufferers. What it has done is the best proof of what it will do. You may rely on Peruna.

In tablet form it is pleasant to take and easy to administer.

Small Tablets are the ideal laxative and liver purifier. They have no unpleasant effects and do not form a habit. 10c, 25c. The Peruna Co. Columbus, O.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD.

Practically a daily at the price of a weekly. No other newspaper in the world gives so much at so low a price.

The value and need of a newspaper in the household was never greater than at the present time. The great war in Europe is now half-way into its third year, and, whether peace be at hand or yet be far off, it and the events to follow it are sure to be of absorbing interest for many months to come.

These are world-shaking affairs, in which the United States, willing or unwilling, is compelled to take a part. No intelligent person can ignore such issues.

The Thrice-A-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Hartford Herald together for one year \$1.65.

CORRESPONDENTS

We must impress upon our correspondents the importance of getting their communications in The Herald office by Monday, at the latest, to insure publication in the issue of Wednesday following. We want the news when it is news, and unless letters are in by Monday, communications have to be held over to the next week and then the news is stale. So, if you please, get your letters mailed so they will reach us by Monday.

MULTIPLIER NEXT.

Our Fiscal Court records furnish many samples of county government "economically (?) administered." One is in the purchase of a fine adding machine. The agreed price was \$247.50, but the court, like other folks with lots of money and an eye to business, took advantage of a 2% discount for cash, making it cost net \$242.55. So, it will be seen that \$4.95 was saved on this little contrivance, and it was so easy, as the county is paying only 7% on enough money to run four ordinary banks. Then, too, it is very necessary to have this calculating apparatus, as it is not practicable to determine how much the county owes without the services of an automatic adder; and at the rate this Republican management is going, it will soon require the use of a multiplier.

The last report of the County Treasurer, a Republican, shows that the county owes for borrowed money more than \$61,000; and he does not attempt to report the other outstanding indebtedness.

All the members of the court did not favor spending the people's money for this handy little piece of machinery. The record discloses that all the Republican members, to wit: Dean, Smith, Rice, Leach and Shown, voted for it, while all Democrats, to wit: Judge Wilson, Tichenor and Taylor, voted against it. This little transaction is significant to the taxpayers in fixing the responsibility for the large and rapidly increasing debt burden pressing down upon the people of this county. Shall we continue to vote as we pay?

THE LOCAL SCOUTS.

Many nice things have been said by our citizens in commendation of the "cleaning-up" done on Hartford's streets by the Boy Scouts. The Herald gladly joins in the praise justly due this troop of enterprising and patriotic volunteers, and would add that under the leadership of Scout Master, Bro. Napier, these fine young fellows are being impressed with the importance of cleanliness in all lines—that to be true scouts they must have clean bodies, clean minds, clean associates, and live clean lives.

The wholesome instruction imparted, the physical, mental and moral training received, at this critical period, mean much more than we fully realize in the making of men, real men, able and willing to stand for the better things of life on all occasions and under all circumstances. The development in these desirable channels is destined to prepare them, not only to successfully fight for their country, if necessary, but to provide the armor and the shield with which to go forth in society and win victories in the war against vice and immorality in forms.

To these loyal boys we would suggest that the benefits to be derived from their association depend in a great measure upon their own interest and efforts. The faithful scout master is doing a noble work, and later this labor of love on his part will be even more fully appreciated by the scouts and the community as well.

By an overwhelming majority the administration bill to raise a war army by selective draft, passed both the Senate and House Saturday night. If we understand the selective draft bill, it seems to us that Congress made no mistake in passing it, as it takes all able-bodied men, of a stated age, that have no dependents, that perhaps would never volunteer.

We publish in another column of The Herald this week, several sections of the corrupt practice act, relative to the expenditure of money, etc., by candidates for State, county and city offices, and it might be well for the various candidates in Ohio county to read and digest them.

A Chicago dispatch says that there are eight million eggs held in freight cars on the sidings there. Consignees pay \$5 per day per car for every day the car remains on the siding. This probably accounts for the fruits of biddy bringing mid-winter prices this time of year.

It is now "Forward march!" with Captain Allison Barnett, late editor of the Hartford Republican, instead of "Know anything new?"

Commonwealth's and County Attorneys are to meet May 11th to

consider plans for probins and prosecuting in price propositions. Why not call an extra session of the Legislature and repeal the law of supply and demand?

While Speaker Clark was busy up at Washington trying to convince his colleagues that the selective draft plan was all-wrong, his home district, after being polled, proved by a majority of 5 to 1 that the people of Missouri favored conscription.

The extra session of the Kentucky Legislature adjourned sine die Wednesday by the members singing "God be with you till we meet again." We think a majority of common people will "jine" in a chorus of "God be with us if you meet again."

Speaker Clark, in his speech against the selective draft plan, said that "a Missourian looked upon a conscript as a convict." Missourians should have scruples about conscription after sending such a man as Stone to the Senate.

The Jeffersonville, Ind., man who walked into the office of the Coroner, who, incidentally, happened to be an undertaker, and swallowed an ounce of carbolic acid, certainly picked an appropriate place for such a deed.

How do you expect a man to get out a paper when every other man that passes the office is carrying a fishing pole? But the people want the news, so it's "stick-to-it" for us.

The first German submarine that got within range of an American battleship—close enough for American gunners to see the periscope—got what was coming to it.

New York hotels have cut their menus since the cost of living has gone skyward. It may now be possible for one to order a meal and know what he is getting.

A train of 36 cars loaded with onions arrived in Baltimore, says a dispatch. The residents of that city can now have their "sirloin smothered."

Summer is here. The cut worms are beginning to work in our garden.

John Willis Alleges Alienation
Of Wife's Affection By
Joe Maiden.

Suit has been filed in the Ohio Circuit Court by John Willis, a prominent farmer, in the county, against Joe Maiden, also a farmer of prominence, for alienation of the affections of his wife, Florence Lee Willis, and feels that the loss of the love and companionship of Mrs. Willis is worth \$15,000, and prays judgment of that amount. The Willis' were married in 1889, and had lived together until March 19, 1917.

After the filing of the above suit, Mrs. Florence Willis, wife of plaintiff in the case, filed a petition for divorce from John Willis, and alimony in a lump sum of \$1,000 and \$25 per week. She alleges cruel and inhuman treatment, drunkenness of more than a year's duration and non-support.

ROSINE MAN

Dies At Laredo, Texas—Was Member Of U. S. Troops.
Friends and relatives of Braxton E. Johnson, who left his home at Rosine, have been apprised of his death, which occurred at Laredo, Texas, on April 20th.

Mr. Johnson left Ohio county about eight months ago, and had been stationed with the U. S. Troops at Ft. McIntosh.

He was 25 years old, and had made many friends among his fellow soldiers.

Mr. Johnson was well liked by all who knew him, and his death is a great shock to his many friends in Ohio county.

A letter from his superior officer to his mother, at Rosine, appears in another column of The Herald.

MADE 'EM HIKE.

Chief Wilson has been busy lately enforcing the vagrancy law and made two foreigners this week who were not employed or could show no means of making a living get out of the city. This is no time for loafers, farmers are begging for labor. Work can be had everywhere and the law should be enforced. Keep the work up gentlemen and you will render the community a great service.—[Madisonville Huestler.

FARMERS LOSE HOGS.

Hog cholera is playing havoc with hogs in the western part of the county according to reports coming from that section. George Burress had sixty nice ones to die recently that he was feeding for the spring market. Others also have suffered heavy losses. With the present high prices being paid for hogs, farmers can ill afford to lose them, and it behooves every farmer who raises hogs to care for them as never before. It used to be that this disease was more prevalent than now and caused the death of hundreds of hogs in the county every year, but in recent years the death rate has been greatly decreased.—[Lebanon Enterprise.

Application blanks may be secured from the Secretary-Treasurer by members or prospective members. The local

association includes East and West Hartford, East Beaver Dam, Bada and Heflin voting precincts. Any farmer owning land in this territory may borrow, upon the security of a first mortgage on his land, any amount from \$100 to \$10,000, provided the loan asked for is not more than 50% of the appraised value of said land. This Association is subsidiary to the Louisville Federal Land Bank. Final appraisement and passing upon title of land offered will be by representatives of this Bank. Loans are made for 36 years, with the privilege of paying them off after five years. Payments on loans will be required semi-annually, on the amortization plan. The rate of interest will be 5%. The required payment is \$3.00 on the hundred every six months. This fixed semi-annual payment includes all the accrued interest and sufficient of the principal to extinguish the debt in 36 years. All prospective borrowers should call and fill out individual application blanks as soon as possible.

HEAVY HAILSTORM

Hits Hartford Saturday Night—
Several Windows Reported Broken.

Between 11 and 12 o'clock Saturday night, Hartford and Ohio county was visited by one of the heaviest hailstorms in years, which was followed by a heavy thunderstorm and a downpour of rain.

Several windows here in town were smashed by the stones, some of which were as large as a hen egg. The ground was covered with leaves from shade trees that were beaten off by the hail.

We have had no reports from the county as to the damage done, but unsheltered livestock must have suffered considerably if the storm was anything like as terrific as it was in Hartford.

Mr. James A. Ballard, of the Sulphur Springs neighborhood was in The Herald office Monday, and says that he and several others picked up nearly a half-gallon of the ice from a plant bed canvas Sunday morning about 8 o'clock.

TO MRS. JOHNSON FROM QUARTERMASTER DEPARTMENT

Office Quartermaster U. S. Troops, Ft. McIntosh, Tex., April 21, 1917.
Mrs. Luther Johnson, Rosine, Ky.

Dear Mrs. Johnson:—
We, the members of the Quartermaster Corps, who have been friends and comrades of your son, Braxton E. Johnson, take this occasion to express our condolence and most sincere sympathy in your hour of grief. This small token of the high esteem and regard in which he was held by all, is only a feeble expression of our appreciation of his many noble qualities, which endeared him to all who knew him.

He was given a military funeral and all who could be spared from their duties attended and bid a sad farewell to a departed friend. To you, and the bereaved members of his family and relatives to whom the grief is most poignant, we have but little of this world's consolation to offer; we can only say that he who tempers the wind to the shorn lamb, looks down with infinite compassion upon the bereaved and afflicted in their hour of sorrow.

Most sincerely,
Quartermaster Corps Dept.,

Candidates Are Warned of The New "Corrupt Practice Act."

Below we give several sections of the "Corrupt Practice Act," which it might be well for the candidates for the various county offices to peruse:

Section 3. It shall be unlawful for any person, who is a candidate for nomination or election for any State, county, city, town, municipal or district office, to expend, pay, promise, loan or become pecuniarily liable in any way for money or other thing of value, either directly or indirectly, or to agree or enter into any contract with any corporation, association or person to vote for or support any particular thing or measure in consideration of the vote or support, moral or financial, or any such corporation, association or person, and it shall be unlawful for any corporation, association or person to demand that any candidate for office shall promise or agree in advance or shall make any contract, oral or written, to support any particular individual, thing or measure, in consideration for the vote or support, financial or moral, of such corporation, or person, in any election, primary or nominating convention, but no expenditure made by any candidate, or others for him, for the purpose of employing and paying clerks and stenographers or for printing and advertising, or in securing suitable halls for public speaking or suitable headquarters, stationery and stamps, or actual traveling expenses, shall be deemed illegal, and any person, corporation or company violating this section shall be fined in any sum not to exceed \$5,000, or be imprisoned in the county jail not to exceed six months, or both.

Section 4. Any person who shall be a candidate before any caucus or convention, or at any primary election, or any final election for any State, city, county, town, municipal or district office, shall on the fifteenth day before the date for making such nomination, and also on the fifteenth day before the final election, file with the officer with whom his nomination paper must be filed in case of a primary, and with the chairman of the board authorized to issue the certificate of election after a final election, or with the Secretary of State when nomination is made by caucus or convention for officers of the State at large, or for districts larger than one county, and with the County Clerk in all other cases, a statement in writing, which statement shall be subscribed and sworn to by such candidate and which shall set forth in detail all sums of money, or other thing of value, contributed, disbursed, expended or promised by him, and to the best of his knowledge and belief, by any person in his behalf, wholly or in part, endeavoring to secure his nomination or election to such office or place; and also sums of money contributed, disbursed, expended or promised by him in support, and in connection with the nomination or election of any other person at such election, primary or nominating convention, and—showing the dates when the persons to whom, and the purpose for which all such sums were paid, expended or promised. Said statement shall set forth in detail each item of contribution or expenditure, and he shall, before some officer qualified to administer oaths, subscribe and file with said statement the following oath: (His affidavit.)

"Section 7. No officer or board authorized by law to issue certificates of election or nomination shall issue any such certificates to any person until the statements required by this act shall have been made and filed as required.

"Section 10. Said statements, when filed as required by this act, shall at all times be open to public inspection and copies thereof may be obtained by any person desiring same."

The People It Has Killed.

When war in Europe was started the evil of liquor was not seriously considered. But after war progressed and the situation became grave then conditions changed and governments began to think.

France was the first to act and absinthe was prohibited and finally a ban was placed on all public houses.

Russia prohibited the sale of vodka. England has not placed absolute prohibition into effect, but England has put such strict regulations on the sale of liquor that it amounts almost to the same thing.

If in times of war it is discovered necessary to prevent the distillation and sale of liquor why should not the same principle apply in the time of peace?

Prohibition is the inevitable issue. Why make one State dry and permit another State to remain wet?

The wise plan is to pass a sweeping act and follow the example of Russia and prohibit the manufacture, because as long as two and two make four and the stuff is distilled

men will buy it.

The law is a good thing for the violator of the law. So long as there is a loophole of escape in it, and so long as the government permits the manufacture of liquor loopholes will be discovered.

It is a poor rule that does not work both ways. If nations at war discover the necessity of prohibition there is no reason in the wide, wide world why nations at peace should not appreciate the very same necessity.

It is the opportune time for the Congress of the United States to appreciate the significance of the situation. It may mean a big sacrifice of revenue, but when Congress pauses and considers the awful sacrifice of life, Congress will be disposed to act.

The cost of lives in war, the great tribute exacted by tuberculosis is not nearly so deadly in life demands as the toll that the human race must pay each year because of the wanton and useless consumption of liquor.—[Commercial Appeal.

HOW TO SELECT FOODS.

Home Economics Specialists Offer Suggestions For Getting the Most Food For One's Money.

The following suggestions on getting the most food for one's money are from United States Department of Agriculture Farmers' Bulletin 808, "How to Select Foods."

Use cereals (flour, meal, cereal breakfast foods, etc.) freely, taking pains to prepare them with great care and to vary the kind used from day to day if necessary to keep people from tiring of them.

Remember that a quart of whole milk a day for each child, to be used as a beverage and in cooking, is not too much.

Plan carefully both in buying and in serving.

Do not be ashamed to plan closely. Thrift in food means providing enough food, neither too little nor too much.

Notice carefully how much of such staples as flour, sugar, milk, cooking fat, etc., is used each week for a month, and see if there are any ways of cutting down the quantity needed.

Buy nonperishable materials in quantities if better prices can be secured and there is a good storage place in the home. Neighbors can sometimes club together to get lower rates.

Estimate carefully how much of any material will be needed before laying in a supply, then see that

none is wasted by careless handling.

Try to make the dishes served of such size that there will be enough to satisfy the appetite of the family and no unnecessary table and plate waste.

Do not be above noticing whether any thing usable is thrown away with the garbage, which always shows how thriftily food is used in a household.

Many inexpensive materials can be made attractive and the diet can be pleasantly varied by a wise use of different flavorings.

"Finicky" tastes in food often prevent the use of many valuable materials which might be the means of saving money.

Good food habits are an important part of personal hygiene and thrift. Children get such habits by having suitable amounts of suitable foods served to them and then being expected to eat what is set before them.

True economy lies not only in buying wisely but also in making the the fullest possible use of what is bought.

For Your Child's Cough.

Here's a pleasant cough syrup that every child likes to take Dr. Bell's Pine-Tar-Honey. If your child has a deep hacking cough that worries you give him Dr. Bell's Pine-Tar-Honey, the soothing pine balsams relieve the cough, loosen the phlegm and heal the irritated tissues. Get a bottle today at your druggist and start treatment at once. 25c.—Advertisement.

THE FRUIT GROWER.

A good time to prune fruit trees in the north is early in March. When the apple trees seem to need something—you do not really know what—try some hard-wood ashes.

The scientific sharps now claim that cranberries, strawberries, watermelons and potatoes do best without applications of lime.

Sixty buds on the bearing wood of a grapevine are about the maximum for a strong vine. A less number is better for vines of weaker growth. Sixty buds should give 150 bunches of grapes.

For tree wounds paint is a good dressing. Mix white lead and raw linseed oil and have it rather thick.

If a heavy load of snow or ice comes on the berry bushes and shrubbery go around and knock off what you can with a pole. May save their breaking down.

Muscle Soreness Relieved.

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles, they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than musky plasters or ointments, it does not stain the skin or clog the pores. Always have a bottle handy for the pains aches of rheumatism, gout, lumbago, grippe, bruises, stiffness, backache and all external pain. At your druggist, 25c. Advertisement.

1,732 HIT TRAIL; MORE READY, BUT BILLY TIRED

Calling, "Say Jesus!" Asks
Savior to Make New York-
ers Honor the Flag.

One of those typical picturesque Billy Sunday prayers, which combine devotion, a personal chat with the Saviour, patriotism, religion and comment upon the news of the day, induced 1,467 men and women to pass down the sawdust trails and take the evangelist's hand as a pledge of better intentions, making a total of 1,732 for the day.

With an informal "Say, Jesus!" (as he frequently does) Billy began: "Thank you, Jesus, for what you are doing; thank You, too, Father; and you, Holy Spirit, Good Lord! If we had to work as hard to get recruits for the army of the Nation as we do to get recruits for the church, where would we be?"

"God, I read in the papers today where a Judge named Rosalesky sent a fellow to jail for six months for distributing literature advising men not to enlist. I'm glad you've given us Judges like Rosalesky, Lord."

"Make us forget, Jesus, that we're black and white, rich and poor, Catholic, Protestant and Jew, or whether we were born here or elsewhere. Make us remember that we're all Americans, pledged to go out and fight to the last ditch for our flag!"

Told His Talk With Jesus.

There was a thunderous burst of applause, and the prayer was interrupted for half a minute. Then the evangelist went on:

"And don't let us forget about your fight, Jesus. You know, the one you told me about when you said: 'Bill, I'm in the midst of a war, too.' And I said, 'What war, Jesus?' and you told me, 'The war with the devil, Bill!' And then I said, 'Jesus, I'll be over to help you, and I'll bring with me thousands of New Yorkers to help fight on your side.'"

"What do you say, New York? Are you going to fight Jesus's battle, too?"

There were twenty or more big delegations of men and women from industrial establishments in the Tabernacle, and to them Billy addressed direct appeals.

"Come on, you girls from the Colgate Company, with your green banners!" he cried. "You lead the way! Come on, you Metropolitan Bank Workers—you from the Edison Company, too!"

The Colgate girls from Jersey City, a couple of hundred strong, flocked to the front with their flags flying, and then from all parts of the big shed young and old trooped forward.

Billy shook hands until he was exhausted. Had he been physically able to continue, there is no doubt hundreds more would have offered him the pledge. It was a highly successful meeting and he was in fine voice and form.

He is particularly pleased (and says so at nearly every meeting) with the manner in which New York has turned out to hear him and has hit the trail at his solicitation.

"It's for you I'm wearing myself out," he said last night. "I am saved. God gathered in my old soul out there in Chicago nearly thirty years ago. I'm going to heaven, sure, I want to save you—New York! And if my prayers would save you, there would not be a sinner left in this old town to greet tomorrow's sunrise. The doctors tell me I'm cutting twenty years off my life doing what I am doing—and not all the money in your groaning bank vaults could tempt me to do it if I didn't want your souls."

With several pathetic stories of conversions, Billy brought tears to the eyes of men and women. He uncovered an entirely new acrobatic stunt by falling flat on his face on the platform to illustrate a story of a race in which the winner dropped dead as he crossed the finish line.

A prediction as to one of the outcomes of the great war—which won much applause, he made thus: "I believe that the Jews will have Palestine again, ripped from the grip of the Turk, and that Uncle Sam, in the future will have a partial rulership over it."—[New York World.]

Old maids and old bachelors know exactly how to raise children; and their system would be a great success if the children were the kind that would fit the system—which they never are.

Extravagance is to be condemned, but a girl ought to own enough hairpins to make her head look smart.

Moreover, it is possible for a woman to be a perfect thirty-six at the belt and a perfect simper at the bean.

PROFITABLE SOIL CULTURE

MONEY IN ASPARAGUS.

Essentials For the Successful Culture of This Profitable Crop.

"During the life of an asparagus bed each plant should yield a dollar in returns," said J. B. Norton, speaking before a farmers' week audience at Cornell university. Mr. Norton, who is a specialist on truck crops of the United States department of agriculture, gave the following essentials for successful asparagus growing: Land should be well drained, level, sandy loam that does not dry out badly in summer and near to markets. Manure fertilizer, green manure and lime requirements should all be attended to before planting asparagus beds.

Names of varieties, according to Mr. Norton, often mean nothing. Choose plants from stock that has a good record as a producer; select from a nearby field if possible, and be sure of your stock first. Grow enough roots so you will have ten times as many plants as you will want for selecting the one year roots for planting in the field. "I never plant two-year-old roots," says Mr. Norton, "and do not believe in starting the seed in its permanent place. Root selection is a most important factor in getting a good bed."

Start the seed bed in early spring, rows eighteen inches apart, seed ten to the foot, one inch deep, give clean cultivation. To keep the slugs and beetles away use arsenate of lead or chickens. Plow out the roots in spring and plant about the time of the last frost.

After careful selection of roots plant in rows four feet apart, plants fifteen to eighteen inches apart in the row, cover three inches deep at first.

The trenches are made deep enough to leave the crowns eight or nine inches below the level. Use no inter-cropping system, but plant a cover crop (hairy vetch or crimson clover) the first two winters. With rust resisting asparagus the tops are left on in the fall and disked in the next spring, thus saving a great deal of labor and plant food.

Fertilize with manure in late winter, ten tons or more to the acre, or with chemical fertilizers, 300 pounds of nitrate of soda, 500 pounds of acid phosphate, 300 pounds of muriate of soda, applied before end of cutting season or before growth starts on young beds.

In 1909 the value of sugar beets per acre was exceeded by four other crops—hops, tobacco, sugar cane, and sweet potatoes. The acre value of beets was nearly four times the value of corn or wheat, and more than four times the average acre value of all cereals.

NO REASON FOR IT

When Hartford Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Hartford citizen says:

W. H. Gillespie, blacksmith, Union Street, Hartford, says: "I can recommend Doan's Kidney Pills for they have never failed to help me. At different times I have been troubled with sharp, quick pains in my back and too frequent action of my kidneys. On a friend's advice I have used Doan's Kidney Pills, which I got at the Ohio County Drug Co., and they have never failed to help me whenever I have been troubled in that way."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gillespie had. Foster-Milburn Co., Props., Buffalo, N. Y. Advertisement.

NEIGHBORHOOD NEWS

All About You and Your Neighbors

SUNNYDALE.

April 20.—Everybody glad to see the rain.

Mrs. Bertha Bennett visited her mother, at Hartford, from Friday until Monday.

Miss Bessie Clark spent Saturday night with her grandmother, Mrs. Duke, at Dundee, and attended the Sunday School convention there Sunday.

Miss Blanche Powers and Miss Elsie Tilford spent Wednesday night with Mrs. C. E. Baxley.

Mr. and Mrs. J. W. Kirk, of Owensboro, have moved to Mr. Almond Duke's.

Mrs. Clyde Boyd, of Cromwell, is visiting her mother, Mrs. Ina Durban.

Mr. Tarvin Baker went to Louisville to be treated. Mr. Baker has been in bad health for some time.

Mr. Jim Harve Hamilton, of Magan, is running a huxter wagon through Sunnydale.

Mr. Arvin Igleheart and Mr. Archie Gray spent Saturday night with their grandmother, Mrs. Emma Wimsatt.

Mr. Marvin Baker has ordered a new car.

Sunday School is progressing nicely at Marvin's Chapel.

SIMMONS.

April 30.—Southard's moving picture show was largely attended here Saturday night. Two reels of Uncle Sam's army and navy was shown and was very much enjoyed.

Owing to the present high prices of food and somewhat better market conditions for coal, the operators of this district gave the men a 20% advance in wages which takes effect May 1st, and lasts the life of the contract or until the 31st of March, 1918.

Another one of Simmons' citizens has thrown his hat into the political ring. Mr. J. D. Hill wants to represent the people of this county the next session of the Legislature, he is a good man and the Republicans could not do any better than to nominate him.

Miss Cora Maples, of Hartford, visited relatives here last week.

Messrs. S. L. Stevens and Winson Smith, Republican candidates for County Judge, were here last week shaking hands.

We learn that a certain man of this county had to withdraw from the Republican race for a certain office because he voted for Wilson. That is a slam on Wilson, but we believe that he feels better by not entering the race than to have voted for Mr. Hughes.

Rev. Lackonby, of Owensboro, filled his regular appointment here Monday night at the Episcopal church.

Mrs. Lucy Kelly, of Cleaton, visited her daughter, Mrs. G. M. Phipps, last week.

Mr. Dan Southard and family have returned from Eastern, Ky., where he has been working in the mines for the past year.

We wonder why so many people are entering the race on the Republican ticket. They must think it is a cinch, but I guess we Democrats stand a little show.

CONCORD.

April 30.—Farmers in this community took advantage of the pretty weather and consequently a great deal of corn was planted.

Several of the young folks attended the singing convention held at Beda last Sunday and report a most pleasant time.

Mrs. Jim LeGrand, of near this place, who has been ill for two or three weeks of complications, is not much better at this writing.

Messrs. Jim Tally and Ed Hendrix are building new barns, near here.

The oil wells have resumed operation again. Messrs. Hancock and Meadows are drilling a new well while most all of the others are being pumped now.

Mr. Ernie Roach, of near here, went to Beaver Dam one day last week and purchased him a new buggy.

Bro. T. H. Balmann and wife, of this place, spent Sunday with Mr. and Mrs. Jim Cecil, of Bennett's.

Mr. Jim Tally made a trip to Beaver Dam one day last week after a load of roofing for his new barn.

If nothing happens in this community to tobacco plants, there will be the best lot of plants in recent years. They all are looking fine considering the cold spring weather.

OLATON.

If there ever was a time for farming, it is now, and I think the farmers realize it, too. If we have seasons there is no doubt but what the United States will produce the largest crop of eatables in its history.

The farmer should curtail his tobacco crop, as it is uncertain in price and may be a hard crop to get rid of. Tobacco brought as little as \$1.50 to \$3.00 at the beginning of the Civil War.

Mr. Albert Daniel, one of our best young men, left Sunday for Iowa, where he goes seeking employment.

There is quite a change in things in Olaton since the court of inquiry held here by Squire Dean, of Dundee, and County Attorney A. D. Kirk, of Hartford. From what we learn, they were after the big fish as well as the little ones, and "all coons look alike" to them.

Mr. Fred Whittinghill has moved into Chester Lyons' house, and Fitzhugh Martin has moved into Miss Jennie May's house.

We are still in need of a doctor. This is a good territory for a young or old physician.

Some of the citizens along the I. C. R. R. are breaking up the right-of-way and planting it in potatoes.

Miss Maggie May is visiting in Leitchfield.

Your scribe has been housed up so long with rheumatic trouble that he gets the "blues" at times.

BEAVER DAM.

April 30.—Mr. Dave Taylor, who recently sold his business in the Princeton Lumber Company, has moved with his family to old Beaver Dam. Many roam far and near, but finally the home of their childhood looms up in their minds and they will return when the opportunity presents itself.

Mr. Thomas Wilson, of Taylor Mines, and Miss Mary Daniel, of Olaton, were married at the home of Rev. Birch Shields, he having spoken the words that made them man and wife, last Thursday.

Quite a number of young folks of Greenville and other towns of the Owensboro district, were in the city this week as delegates to the Epworth League Conference, which convened at the Methodist church Saturday and Sunday.

Master Rumsey B. Taylor, of Princeton, Ky., spent the week-end with his grandparents, Mr. and Mrs. W. R. Chapman.

Mrs. Mate Hunley is building another room to her home since her father and mother have come to live with her.

Mr. Hub Austin left Sunday for Central City to help erect a hotel in that city.

Uncle Dan Rhoads, of Bremen, Ky., spent the week-end with his son, Baker, and daughter, Mrs. Charlie Taylor.

Mr. Colteer Maddox, who is building a house in Hartford, stuck a nail in his foot last Thursday which inflicted a very painful wound, but is hoped not serious as he is improving.

Dr. and Mrs. Oscar Flener, of Hopkinsville, visited the Doctor's father and mother, Mr. and Mrs. Wm. Flener, and attended his sister's wedding.

Prof. Justus, of LaCenter, Ky., stopped off in town Saturday on his way home from Louisville.

HORSE BRANCH.

April 29.—Warm and gentle showers, marking the close of vernal April, have added new emerald to the landscape and brought the flowers forth in beautiful profusion.

T. S. Borden filled the vacancy of the agent at the depot Saturday and Sunday.

Mr. and Mrs. Ed Wilson are visitors at Cecilia.

Mrs. Jesse Bean visited her brother in Leitchfield last week.

Mr. and Mrs. J. W. Ferguson, of Central City, visited in Horse Branch Sunday.

Mr. Ernest White, of Martwick, spent a few hours here Sunday.

Mr. and Mrs. J. T. Lashbrooks spent last Saturday and Sunday at Oak Ridge.

The new Union church is nearing completion. It is expected that within a few weeks it will be ready for occupancy for both Sunday School and regular services.

SMALLHOUSE.

April 30.—Mr. Luther Faught went to Centertown Monday.

Miss Maude Calloway, Centertown, is the guest of Miss Ruth Godsey.

Mr. Jage Barnard visited relatives in West Point vicinity, Sunday.

Mrs. Wilbur Faught has been at Ceralvo for several days with her grandmother, Mrs. Sue Everly, who is very sick.

Quite a hail storm passed through here Saturday night, doing a good deal of damage near us.

Mr. J. C. Bennett, Misses Ruth Godsey and Ethel Hunter, who were elected delegates to attend the Sunday School convention at Dundee,

Sunday, failed to go owing to inclement weather.

Mrs. Mike Bishop and sons, of Greenville, have returned home from a visit to relatives here.

Mrs. Orville Balls and daughters, Owensboro, who have been visiting Mrs. Herman Addington, went home Saturday.

Mr. Oppie Kittinger, Owensboro, visited his home Saturday and Sunday.

Mrs. Harriet Fulkerson, Mrs. Tom White, Miss Ruth Godsey, Miss Maude Calloway, Mr. Bob Godsey, Mr. Roscoe Bullock, Mr. and Mrs. Guy Barnard went to Central City Saturday.

FORDSVILLE.

April 29.—The Christian Sunday School Convention of the 18th district, convened here Monday and Tuesday of last week and was well represented.

Dr. and Mrs. Rogers and children Glenn and Margaret were the guests of her parents, Mr. and Mrs. Fisher of Glendean, a few days last week.

Mrs. W. R. Wallace and son Wilbur are visiting relatives in Tennessee this week.

Mr. Will Park, of Narrows, has purchased the property of Mr. G. Davis Royal, on Hartford street, and will move to same in the near future.

Miss Rachel Cooper, of Owensboro, was the guest of relatives here a few days last week.

Miss Amelia Westmoreland, of Owensboro, spent Saturday with Misses Kathryn and Lillian Miller.

Mr. James Chambers, of Herbert, was here on business Saturday.

Mrs. Kate Johnson was the guest of friends at Magan from Friday until Monday.

Rev. Bandy, the pastor of the M. E. Church here, attended the conference meeting of the Epworth League at Beaver Dam Saturday.

Rev. Roy Gabbert, Rev. T. B. Bandy, Thurman Royal and Dennis Jones went to Rough river fishing one day last week.

BENNETT'S.

April 29.—Sunday School is progressing nicely at this place.

Mr. and Mrs. Clarence Carson visited relatives at Taylor Mines Saturday and Sunday.

Mr. and Mrs. Jeff Pickrel, of this place, have been visiting her sister, Mrs. John Herald, of near Livermore.

Mrs. Cassie McDowell and Miss Janie May McDowell are at the bedside of their cousin, Miss Janie McDowell, of Dundee.

Mr. and Mrs. John Carter, of Simmons, visited her parents, Mr. and Mrs. Luna Maples, Saturday night and Sunday.

Mr. Clate Baize and family, of Taylor Mines, visited his sister, Mrs. Chas. Smith, Saturday and Sunday. Miss Suppose Funk, of Taffy, is visiting her uncle and aunt, Mr. and Mrs. Jake Shaver.

Several from here attended the singing convention at Beda Sunday.

MRS. GEO. W. MARTIN

DIES AT CROMWELL

Had Been Sufferer of Tuberculosis For Several Years—Funeral Today.

At 5:30 o'clock yesterday morning, death ended the suffering of Mrs. Geo. W. Martin, of Cromwell, who had been ill several years of tuberculosis.

Mrs. Martin was, before her marriage, Miss Tyler Wallace, daughter of the late James Wallace, and was about 63 years old.

She is survived by, besides her husband, four sons, Jas. W., Estill, Cecil and Doris Wallace, all of Ohio county; one daughter, Mrs. Lee Hicks, of Hartford; two brothers, W. A. and C. W. Wallace, of Cromwell, and two sisters, Mesdames W. E. Porter, Cromwell, and B. W. Stewart, Select. She was an aunt of Mrs. Ramey Duke, of Hartford, and a sister-in-law of Mr. R. B. Martin, also of Hartford.

Mrs. Martin had been a member of the Green River Baptist church for years, and the funeral will take place at that church today at 11 o'clock, conducted by Rev. Birch Shields.

Interment will be in the Green River burying ground.

KENTUCKY BANKERS TO HELP SECURE LARGER FOOD CROPS

Louisville, Ky., April 27.—Approximately two-thirds of the State's bankers at the meeting here today with Governor Stanley pledged themselves to exert every effort to secure an enlarged production of food crops in this State and also to encourage in every way the conservation of food after production.

To this end the bankers will stretch their credit regulations to the limit of reason in order to provide the farmers, especially tenant farmers, and others operating on a small scale, in a greater production of food.

REYNOLDS—DUNCAN.

In reporting the marriage of a popular young couple of Greenville, the Central City Argus says:

The many friends of Miss Anna

Laura Reynolds and Mr. W. Boone Duncan will be surprised to hear of their marriage on Wednesday afternoon at Worthville, Ky., at the home of Rev. Josiah Godby, Rev. Godby who is an uncle of the bride, performing the ceremony. The bride is a daughter of Mr. and Mrs. E. Reynolds, and one of Greenville's most attractive society girls and the groom is a valued employee of the W. G. Duncan Coal Co., and one of the most popular young men in the city. After a short trip they will be at home to their many friends at the home of Mr. D. S. Duncan on Hopkinsville street.

SAYS WAR WILL END WHEN

U. S. HAS MET GREAT TEST

New York, April 30.—Sir Ernest Shackleton the English explorer, addressing the Explorers' club here today, asserted that "when America has risen to the great height to which she is capable of rising then will the war end."

Of the survivors of his Antarctic expedition, Sir Ernest said, twelve are at the British front in France, and eleven more will be there soon, while the other is dead. He was killed the first time he went into battle.

"This world war is measuring men," said Sir Ernest. "If all men could realize what this war means to us, there would be a rush to the colors. We need money and ships and manhood to stand up and be prepared and I hope that soon the American people will have the opportunity for the supreme sacrifice."

DRAGNET SPREAD FOR

WHITE MAN'S SLAYER

Elizabethtown, Ky., April 30.—Search was being made tonight for Jim Tinsley, a negro, who struck down Logan Brown, a white man, when the two engaged in an argument over a game of "craps." Tinsley attacked Brown with a heavy piece of timber crushing the white man's skull. Brown lived twelve hours.

Sheriff J. S. McMurtry and Deputies E. L. Hagan and H. B. Fife, assisted by Town Marshal Wood, have spread a dragnet for Brown's slayer who escaped following the altercation. Reports reaching here that Tinsley had committed suicide at either Louisville or Jeffersonville, Ind., were discredited by the police.

Brown was married and leaves a widow and two small children.

CAPT. PERRY KEOWN

Recruiting Company in New Mexico—Former Ohio County Boy.

"Captain Keown of Company K, received orders Tuesday morning to recruit the local National Guard to war strength, the Captain opening a recruiting station in the old armory building on South Main street where enlistments are now being taken. The designated war strength of the company is 153 men, the minimum being 103."—[Clovis (N. M.) Journal.]

Capt. Keown is the son of Mr. and Mrs. Cal P. Keown, of Hartford, and has been away from Ohio county five or six years. He is doing well in New Mexico.

MAN CONNECTED WITH

INK SALE ARRESTED

Frankfort, Ky., April 30.—According to an application from the police department of Cincinnati for a requisition, John B. Drinkman, representative of the Woodmansee Ink Company, whose name was connected with a claim for about a quarter of a million dollars' worth of ink alleged to have been sold to the State of Kentucky while Barksdale Hamlett was State Superintendent, is under arrest at Covington. Drinkman is charged with embezzling \$1,000 from Sallie C. Woodmansee. The requisition was honored.

DANIEL—WILSON.

The marriage of Mr. Thomas Wilson, Taylor Mines, and Miss Mary E. Daniel, Olaton, occurred at Beaver Dam last Wednesday morning at the residence of Rev. Birch Shields in the presence of a few intimate friends. Rev. Shields performed the ceremony that made them man and wife.

Mr. Wilson is the manager of the Taylor Mines hotel, and Miss Daniel was a milliner at Olaton, Ky., previous to her marriage.

May they have a long, prosperous and happy wedded life, is the wish of their many friends, relatives and neighbors.
